**ON THE COVER:**
DE #2 Event at Waterford Hills
Heading out onto Pit Lane
Photo by Lisa Molzon
June is when we began to return to normal. Many federal, state, local business restrictions and mandates have been eased or lifted altogether. Everyone is hoping for a favorable path forward and a healthy summer. Our club has conducted business in an admirable manner and persevered over the last year despite everything. Our membership numbers are at an all-time high plus event participation at our tours and track events are at very high levels also.

**June** began with our DE #2 Driver Education session at Waterford Hills. Thanks to the leadership and organization provided by Steve Carbary and Marc Molzon we had a great turn-out and enthusiastic participation for that event. We look forward to more of the same at our upcoming DE events.

We continued with our second annual **Solstice Tour** chaired by Lisa Molson. She incorporated the best of last year with some new twists this year to make it another great event and one of those you don’t want to miss.

The **Triple Nickle – Hocking Hills Tour** - Lucas Phan, and **Waterford Hills Family Day** - Fred Young, were not conducted at the time of this article, but all indications are that they will be outstanding events.

**July** begins with **Porsche Parade** in French Lick, Indiana. Sabrina and I are looking forward to representing SEM along with over 50 others from our region. Below is a picture of us at the last Porsche Parade in Boca Raton, Florida in 2019.

On July 31st we will have our annual **Progressive Dinner**. Christina Gennari has volunteered to chair this event for her first time this year. Let’s help with her inaugural event by signing up early and letting her know what desert or appetizer you will bring.

**August** has **DE#3 Driver Education** at Waterford Hills on the 13th. This event may fill to capacity so register early.

Also, there is the Picnic and **Concours** on the 22nd. The cost is $10.00 per person ($15.00 after August 12th). Children under 16 are free.

Call Patti Door at (248) 207-7617 or e-mail pdoor@sbcglobal.net to make your reservation and coordinate a dish to pass. Please RSVP early and specify that you are registering for the picnic and concours. Attendance is limited.

Lessons Learned

Some people think that I am a natural mechanic. Well, actually nobody who knows me would ever think that. In fact, if you actually observed me working on a car you would seriously wonder what in the world would make me think it was a good idea. I readily admit that I am the slowest person I know of when it comes to completing even the simplest task. So how can I claim to have learned anything about automobile service? Well it all comes down to lessons learned over time, mostly from mistakes I try not to repeat. Given enough years and enough mistakes and it almost looks like I know what I am doing working around my garage. Sometimes I can even fool people into asking for my advice on car projects. I must admit, I honestly can’t remember the last time that might have happened.

One good piece of advice that I have learned from experience is not to presume I know how to complete a project without first reviewing either a workshop book or even better would be finding an Internet search page. I took my father’s advice and use to invest in a shop manual as the first purchase with any new car. That was back when a shop manual consisted of a single book usually directly ordered from the same publisher that did factory the manuals, Helm Publications. When I bought the 914-6 I bought the full set of factory manuals from the dealer and when it came to used cars it was a stop at the parts store for a Haynes manual. The last sets of factory manuals I purchased for a Corvette and a Ford Aerostar were a whole series of books where most of the instructions were how to perform and interpret electronic diagnostics. They would also contain several pages showing special factory tools needed to do the job. Neither piece of information was usable, but at least the exploded parts diagrams helped me put things back together or determine what to do with the left over pieces. Now I have the full factory manuals for the 1972 911 down loaded from the internet.

The other thing I learned from experience was that every garage project took multiples of the time more than it reasonably should take a competent mechanic to perform. If a project ever went as planned and seemed to take a reasonable amount of time, I immediately assumed some step was incorrectly done or skipped. I learned to double check or even triple check my work before assuming it was done. The other thing I discovered was that one trip to the parts store was almost impossible, two or even three trips were more the norm even on simple jobs. Again, learning from my father I never threw away any old bolt, nut or screw because some future project just might need it. That habit has bailed me out many times when it came to completing a project.

You might reasonably assume that whatever I learned about auto mechanics I learned the hard way on my own cars and from trial and error. I did inherit that approach from my father. My father’s occupation as a lithographer gave him a practical knowledge of mechanical things and the ability to figure out solutions to mechanical problems. His car knowledge came the same way beginning with his first car in the late 1920’s. In that time the car owner was expected to do their own maintenance. His father came from the horse and buggy era so he had no father to pass knowledge down to him. Most Saturdays you could find his head and mine under the hood of the family car. Very seldom did the car ever go back to the dealership. For bigger projects like mufflers and tires we did use local specialty shops. Having the right tools was also a common issue to overcome. I still can set a distributor point gap, ignition timing and valve gaps if I had to. It was useful when I owned a VW Beetle, a 356 C and then my 911 E, but none of that knowledge is particularly useful now. My father and I both knew that when engine management computers came along our useful knowledge had become outdated.

My car maintenance now has been pretty much limited to oil and air filter changes or the very occasional brake pad change and brake fluid flush. The best thing I have learned is my limitations when it comes to garage work. What used to be fun and challenging is now tedious and muscle aching. Fortunately cars have become much more advanced when it comes to regular maintenance. Parts we use to change frequently now seem to last far longer. It is a good thing too
because I don’t know if I ever want to go back to those days when Saturdays were spent under the hood of the family car. Given the choice between an old car where I could perform most of the maintenance or a new car that needs very little maintenance, I think you can guess what I would choose. For everything else, my smartest move is to know a very competent mechanic and keep him on a very friendly basis.

Due to the COVID resurgence earlier this year, the 2021 Spring Tour was the toughest event I have organized so far. All the local parks were crowded and finding a restaurant to host a lunch or dinner was nearly impossible. We started mapping the route early in the year, but had to make many changes and adjustments to comply with our state COVID regulations.

For this year, we decided to forgo our typical pre-arranged dinner as no restaurant would commit to host our group. With that in mind, we proposed a two-segment drive where the participants could choose to drive either of the segments or both. Each segment was about 1.5 hours of drive time. We had 63 cars and 84 people participate in the event, it was a much larger turnout than some of our other recent Spring Tours.

We were fortunate that both Zingerman’s Roadhouse in Ann Arbor and Roger’s Roost in Sterling Heights let us use their facility as starting and ending locations. With these two restaurants in mind, we decided to start our Spring Tour at Zingerman’s Roadhouse. Registration opened at 11 AM and vehicles in the first segment of Spring Tour departed 1:30 PM. Many of the participants decided to have lunch at Zingerman’s prior to the start of the drive.

We divided the cars into five groups and we were blessed to have willing leaders for each group. Thank you group leaders Chris Bohr, Howard Gilson, Andrew Vincent, Lisa Molzon, Andrew Sasyk, Walt/Sabrina Crump, Mark/Rene Vander Eyk and Jim Williams.

The first tour segment took us along scenic Huron River Drive, the famous Car and Driver test loop in Hell/Pickney (Hankerd and Hadley Rds.) and a refreshing cruise around Portage, Bass, Zukey and Whitmore Lakes. We ended the first tour segment at Top Gun Incorporated in Novi. Top Gun is an automotive paint repair shop that specializes in minor paint repairs like chips, scratches, dings, dents and damaged bumpers. They have been a long time SEMPCA advertiser and supporter. Top Gun owners, Bruce and Diane, hosted us and provided paint repair estimates to those interested during our 1.5 hour stop at their facility.

Our second tour segment started at Top Gun and from there we drove north through Milford and Davisburg ending at Roger’s Roost Restaurant in Sterling Heights. We were blessed with exceptional weather on the first segment, but our luck with good weather ended there; a heavy downpour started right when we were about to leave on our second segment drive.

Howard Gilson (SEM-PCA Vice-President), Andrew Vincent & Chris Bohr

Patrick Coleman and First Lady Sabrina Crump
We arrived at Roger’s Roost at 6 PM, which was just right for dinner. John Dorsch welcomed us at Roger’s Roost. We enjoyed the awesome dinner there and couldn’t have asked for better outcome. As we always say “IT’S NOT JUST THE CARS, IT’S THE PEOPLE”.

Big thanks to our Sponsors:
Why is an EXCELLENT Porsche mechanic so expensive?

Why are you paying $125 or more an hour when you should be paying just $75.00?

Tomas, proprietor of R&T Motors, LLC., asked himself that same question. GUESS WHAT, he couldn’t come up with a good answer either.

Make an appointment today, call Tomas for a quote on your next Porsche repair or general service. He’s a trained Porsche Audi Rallye mechanic. He guarantees a lower price and the best quality service. Satisfaction guaranteed.

Call today 248-227-1155. Tomas will pick up the phone. Give him a call and get your first oil change for just $75.00. Make an appointment to winterize your car today.

On June 11th, your Southeast Michigan Porsche Club was once again at Waterford Hills Road Race Course for our second High Performance Drive Education day of the 2021 season. This event was well attended with plenty of regulars as well as several new friends who were trying out our Touring Group sessions. It was great to see everyone taking advantage of the local track and summer weather to have fun with their cars and become better drivers.

June brought us revised restrictions that allowed us to bring instructors back into the cars with students. I cannot express enough how awesome of a learning opportunity this is. Our instructors are some of the best drivers I have ever had the pleasure of teaming up with. If you have not had the chance to have them coach you around a track, you are truly missing out. We were also, thankfully, able to run our usual three student groups (Novice, Intermediate, and Advanced) again along with our added Touring Group. The Touring Group is perfect for first timers and beginners. Here is a chance to see what track days are all about with lower commitment but the full enjoyment and educational experience. Touring sessions allow participants the opportunity to experience the track in a comfortable low-speed session.

So with the sun rising and the day off to a warm start, we commenced with our typical routine of registration, prepping cars, track walk, and driver meeting. You know a day is headed in the right direction when you kick it off walking one lap of a race track. It’s the proper way to ‘get your head in the game’ and get a ground view perspective of what the rest of the day has in store. Our on track time began with instructors up first. The engines singing down the front straight and tires being tested to their limits, and perhaps a little past sometimes, through Skeet House corner lead the day off right. Exhilarating stuff!! The student groups soon followed suit. Great to see everyone practicing their skills and having fun with their cars. Our sponsors were all on hand again as well. Autocore, Munk’s Motors, and Nicholas Motorsport were all represented and came out to support our event and club members with refreshments, help with the cost of lunch and onsite support.

The day continued with a break for lunch. The added groups meant that this was going to be a tight squeeze. Marc Molzon (Chief Instructor) and I worked on the schedule to maximize track time and still give everyone time to take a break and enjoy lunch. This meant a sort of rolling lunch, which had everyone paying close attention to the provided schedule. Some cars on track, some people eating, some prepping and talking. It all seemed to work out thankfully though and soon we were back entirely underway again.

The afternoon ran along with various groups on track and others in the classroom at different times. These classroom sessions allow us the chance to discuss the concepts of car dynamics and driving techniques. We break down terms like understeer and rotation, weight transfer and threshold braking in further detail. The class sessions reinforce what students are putting to practical use during the driving sessions. We feel this dual approach is extremely beneficial and separates us from just ‘open track’ days. Again, driving is a learned skill and what better way to learn something than with friends in your club.
Later in the day Marc brought up the idea of combining some of the groups to bring even more ‘bang for the buck’ to everyone who remained. This allowed more people on track together. Driving in and amongst others is truly more fun. Seeing how others are taking the track or passing them and having them watch you can be more fun than just lapping around by yourself sometimes. Another part of the learning experience. Before we knew it, five o’clock was upon us and it was time to close the track down and put the wraps on the day. Not to worry though if you missed it. We still have two more DE events planned for this year. We will again be at Waterford Hills on Friday August 13th and Saturday September 11th (hey look 9-11). Go to our website to check out all the details and register now. We will have plenty of time for you to drive your car on our local track and see what it can really do, as well as good instructors on hand to help you improve your driving skill no matter what level you are at. These events are tremendous fun with our cars that will leave you smiling for days and yearning to come back.

Michigan’s #1 Rated Bosch Service Center
OUR ANNUAL PORSCHE SEM FAMILY PICNIC AND CONCOURS

Make some new friends, see some great cars, and have a wonderful day. Please join us on

Sunday, August 22, 2021
at Springdale Park, Birmingham, Michigan
Off of northbound Woodward north of Big Beaver, turn right on Strathmore

Arrival and Car Preparation begins at 9:00 a.m.
Concours Judging begins at 11:30 a.m. Sharp
Picnic Lunch Served at 1:00 p.m.

Once again after many trials and tribulations over the past year, the show must go on. By that we mean our annual picnic and concours. This is one of the highlights of our Porsche club events. For newcomers and oldtimers alike the atmosphere is electric with all the cars and members. It is also a chance to get in practice for the 2022 Parade in a relatively close location. This is an exterior only concours including the wheels. Numerous classes give every one an equal chance of winning a trophy. Get out the polish for that 356, 944, 911 or SUV and give it a try.

Lunch consists of dishes brought by members and an excellent meal with hors d’oeuvres provided by the co-chairs this event. As a bonus, early arrivals are treated to a wonderful breakfast.

$10.00 per person ($15.00 after August 12th) Children under 16 free.
Call Patti Door at (248) 207-7617 or pdoor@sbcglobal.net to make your reservation and coordinate a dish to pass. Please RSVP early and specify you are registering for the picnic and concours. Attendance is limited.

Concours questions? Call Fred Young at (586) 566-3193 or frederickyoung73@gmail.com

Seize the Day...Enjoy the Drive

From the arrival of the first SEM/PCA members, the morning was filled with enthusiastic Porsche owners. Nikolas Motorsport, located directly across Woodward from M1 Concourse, was our starting point and host David Nikolas made sure we weren’t hungry providing us with fresh coffee and donuts as we readied for our drive. Newly relocated from Keego Harbor, the immaculate Nikolas showroom and repair bay were filled with a selection of Porsches and BMWs for us to admire.

As the drive was the day before Father’s Day, we had several father-son attendees: Dennis and Marshall Spors, Jeff and Gerry Baker (new SEM/PCA members), Michael and Howard Gilson plus Bill and Marc Molzon. Wonderful to see the love of high performance vehicles pass down from generation to generation. In addition to the Bakers, Lyndon Williams joined us as a new member. We hope to see them all at more events in the future.

Our Tour Group Leads (Marc Molzon - SEM/PCA Chief Instructor; Howard Gilson - SEM/PCA Vice-President; Lucas Phan - SEM/PCA Event Chair; Andrew Olson - SEM/PCA Member; and Mark Vander Eyk - SEM/PCA P4 Editor) did an effective job ensuring a safe and enjoyable drive for everyone.

From Nikolas Motorsport to the White Horse Inn in Metamora, our group wound from Pontiac through the suburbs up into the rural areas of north Oakland County and south Lapeer County. Last year, we were unable to gather at a restaurant to connect, relax and relive moments from the drive - so nice to be able to gather as a group indoors again. Throughout the morning and then during lunch, new friendships were made and others caught-up with old friends. As an event organizer, it’s exciting to see the natural camaraderie amongst Porsche owners bloom into friendships.
Thank you to all that participated in this year’s Solstice Tour! Your interest and appreciation keep us on the Board motivated to organize the various annual drive events and leave us feeling rewarded. Our events wouldn’t be as fun without your strong attendance.
Big or Small... *Let’s drive em all*

“Drive Your Porsche Day”

**On September 4th 2021**

*Drive ANY Porsche model of your choice and join us*

- Bring any type of personal protection equipment required by State law and PCA rules and guidelines. You may add any other PPE equipment that will make you feel comfortable
- Make sure you check-in at registration
- Make sure to get your map of the route of your journey

- Meet between 12 pm and 1pm (Dearborn area)
  Complementary snacks and beverages will be provided if legally permitted
- First car out at 1:30
- The overall driving time is around 1 hour and 30 minutes
- Estimated arrival time 4:30pm at a restaurant with a specific theme in the Birmingham area

If you have any questions contact Chrissy Crowe 678-661-1146

Business Meeting Minutes* (6/3/2021) by Fred Young

Call to Order: 7:00 p.m. by President Walter Crump

Agenda Approval: It was moved by L.M. and H.G. to approve the agenda. Motion passed.

Minutes: Moved by M.C. and L.P. to approve. Motion passed.

Financial: Jim Williams - It was moved by H.G. and L.M. to approve the June financial report. Motion passed.

Membership: Lisa Molzon - Retention is up with 95 members above last year for a total of 1198.

Insurance: In order.

P-4: Mark VanderEyk - He went over future content for the July issue.

OLD BUSINESS

May 8: DE #1 at M-1 Concourse: Lisa Molzon - There were over 60 cars with two touring groups.

May 15: Autocore Tech Session: Michael Cohen - It was at their new facility and well attended with hors-d’oeuvres, wine and cheese. Race cars were also on display.

May 23: Spring Tour: Lucas Phan - 71 cars were in the first session. The number dwindled to 17 at the end because of the rain.

June 11: DE #2 at Waterford Hills: Looking forward to a decent turnout.

June 19: Solstice Tour: Lisa Molzon - The White Horse Inn is happy to host lunch.

June 26: Triple Nickel - Hocking Hills Tour: Lucas Phan - There are 33 cars from Michigan going. It should be a fun event and drive.

June 27: Waterford Hills Family Day: Fred Young - All set.

July 10-17: *Porsche Parade: Still in a state of flux.

July 23-27: *Concours d’Elegance at St. Johns: Fred Young - The entire weekend is booked with fantastic events.

July 31: Progressive Dinner: Christine Gennari - She is checking on catering. It was moved by H.G. and F.Y. to subsidize expenses. Motion passed. Attendance is limited and members should register early.

August 20-22: *MIS - NASCAR Tour: - Gretus Hoogestraat - They have invited the Porsche Club.

August 22: Picnic and Concours: Patti Door - Promises to be a sell-out event. Register early.

September 29-3: *American Speed Festival: An ad will be in the P4.

NEW BUSINESS:

Gretus Hoogestraat moved to purchase a device for call-in meetings. The motion died for lack of support.

Michael Cohen sought input for a swap meet date. A spring date was decided upon.

Lucas Phan will update the first aid medical items that have expired.

President Walter Crump appointed a nominating committee for the fall board of directors election. It consists of: Walter Crump, Gretus Hoogestraat, Fred Young, Lucas Phan and Howard Gilson. An ad calling for candidates will be in the July P4.

Charities: Chrissy Crowe - No report.

Webmaster: Gretus Hoogestraat - No report.

Event Reports: Fred Young - None needed.

Meeting Adjourned at 8:40 p.m. - Moved to adjourn by H.G. and M.C. Motion passed.

Next Meeting Location: Howard Gilson’s: Thursday, July 1

Respectfully Submitted: Fred Young - Rev. 5-7-21

*Subject to ratification at the next Board Meeting.

Hi Zone 4 Friends and Family,

We are now in full swing of PCA events, and life is getting back to normal! My kitties Hurley and Danica are enjoying the great weather. Over Mother’s Day weekend, I joined Northern Ohio region at Mid-Ohio for their HPDE event. I had a blast instructing in-car for the first time in nearly 2 years with a wonderful young woman, Mary, who was there with her father. Lori Bryant and her husband Bob did a great job, and along with the Northern Ohio group and instructors from all around Zone 4 had a blast!

I just got back from the Indy 500 -Go Helio #4 win! On Carb day, Friday before the big race, the stands were scattered with ‘Do Not Use’ stickers, which ended up on many of our coolers and other race gear. And when visiting the garage area, masks were required. David and I visited the Firestone garage and learned that the tires for Indy are special in that the Firestone “F” logo is red on the right side and white on the left side of the car. The tires are constructed such that the outside is taller than the inside by a small amount, and if you roll a tire away it will go in a circle, not straight! Each tire is only 17 pounds, and the wheel is 13, so that’s why those hefty pit crew guys can through the around with one hand!

And while the pre-race message was 40% fans, I think that’s because the infield wasn’t open to fans – no Snake Pit this year. The grandstands were nearly to capacity, and the seat stickers were gone, at least in Turn 4 Northwest Vista where my brothers and I have had seats for over 40 years. As the US gets back to normal, with many of us fully vaccinated, we can begin to return to our ‘regularly scheduled program’. Many events are over-subscribed as the demand to get our Porsches out and be together is strong. I know that all are taking local precautions, and it’s so great to see one another again.

Lori Schutz
Zone 4 Representative
Autumn in Wisconsin is all about the color and getting out to see it. Wisconsin comes alive in the Fall with gorgeous vistas of colorful foliage, lakes, rivers, and waterfalls. Take in Mother Nature’s show as you cruise the beautiful ribbons of asphalt leading through these scenic wonders. Join us in October 2021 as we explore America’s Dairyland.

When it’s time to take a break from the beautiful landscape surroundings, our host hotel, the historic American Club, will rise to meet all your needs. Set in the quaint village of Kohler, Wisconsin, just 55 miles north of Milwaukee, this five-star, five-diamond hotel has stood as an icon of gracious hospitality for 100 years. The American Club offers elegant accommodations and unparalleled service in a place that is quintessentially American while seeming a world away. Experience the beauty and the elegance of our 2021 Fall Treffen. See you in Wisconsin!
